9/11: Explosive Evidence Experts Speak Out

[120 min]

S *9/11: Explosive Evidence – Experts Speak Out* is a powerful new documentary film by Architects & Engineers for 9/11 Truth. It premiered in September 2011 in theaters all across the country and around the world.

N Richard Gage, AIA, national Medal of Science awardee Lynn Margulis, and 50 other top experts in their fields - high-rise architects, structural engineers, physicists, chemical engineers, firefighters, metallurgists, explosives experts, controlled demolition technicians present cutting-edge 9/11 evidence. They expose the fraud of NIST and the "overwhelming" evidence of high temperature incendiaries in all dust samples of the WTC.

S 9/11 family members and psychologists round out the evidence and tie it all together in this milestone production.

"The commission report is a national scandal. ... One of these days we will have to get the full story because the 9-11 issue is so important to America. But this White House wants to cover it up".

~ Former 9/11 Commissioner Max Cleland

"I am 100% convinced that the attacks of September 11, 2001 were planned, organized, and committed by treasonous perpetrators that have infiltrated the highest levels of our government." ~ Lt. Colonel Guy S. Razer, .S. Air Force fighter pilot, former instructor at the USAF Fighter Weapons School and NATO's Tactical Leadership Program
