In 2011, experts and scientists from around the world gathered at Ryerson University in Toronto, Canada to present new and established evidence that questions the official story of 9/11. This evidence was presented to a distinguished panel of experts over a 4 day period.

Through their analysis and scientific investigations, they hope to spark a new investigation into the attacks of September 11, 2001.

The full DVD features 6 hours of expert witness testimony from: David Ray Griffin, Richard Gage, David Chandler, Kevin Ryan, Niels Harrit, Barbara Honegger, Peter Dale Scott, Graeme MacQueen, Jonathan Cole, Cynthia McKinney ...and many more! We will show almost 2 hours of these hearings.

"The fundamental difficulty is ... disbelief that U.S. government officials could really collaborate in attacking America and take all those innocent lives at the World Trade Center. This is naïve." ~ Dr. Morgan Reynolds, Professor emeritus, Texas A&M Univ; former chief economist, Department of Labor

"What is more disconcerting in some ways is that this was not investigated." ~Lance deHaven-Smith, FSU professor, who drew a parallel between 9/11 and a host of other historical U.S. "state crimes against democracy" [SCADs]
