## We Are Legion

The story of Hactivists

- An intellectual freedoms documentary based around the interpersonal triumphs, and defeats of the three main characters against the largest industry in the known
- universe: the media industry. WE ARE LEGION: The Story of the Hacktivists, takes us
- inside the complex culture and history of Anonymous. The film explores early hacktivist groups like Cult of the Dead Cow and Electronic Disturbance Theater, and then
- moves to Anonymous' own raucous and unruly beginnings on the website 4Chan. Through interviews
- with current members some recently returned from prison, others still awaiting trial - as well as writers, academics and major players in various "raids," WE ARE
  - LEGION traces the collective's breathtaking evolution from merry pranksters to a full-blown, global movement,
  - one armed with new weapons of civil disobedience for an online world.

A conscience is what hurts when all your other parts feel so good."

"Every burned book or house enlightens the world; every suppressed or expunged word reverberates through the earth from side to side." ~Ralph Waldo Emerson

"I went from ignorant to informed to impressed when presented with this tight and enjoyable compendium of all the major hacking incidents of the past several years." ~ Scott W, reviewing 'We Are Legion'

"Censorship reflects a society's lack of confidence in itself. It is a hallmark of an authoritarian regime." ~Potter Stewart, Associate Justice of the US Supreme Court
