### Shadows of Liberty

[93 min]

**S** 90% of the media in the USA are controlled by 5 big for-profit-conglomerates, creating a media monopoly that manipulates our political, economical, and social world.

**y** *Shadows of Liberty* reveals the extraordinary truth behind the news media: censorship, cover-ups and corporate control. Take an intrepid journey through the darker corridors of the US media landscape, where for decades, overwhelming corporate dominance has distorted news journalism and compromised its values. Controversial news reports are suppressed, people are censored for speaking out, and lives are shattered as the arena for public expression is turned into a private profit zone.

**n** *Shadows of Liberty* poses a crucial question: why have we let a handful of powerful corporations write the news and subvert democracy?

*"When men yield up the exclusive privilege of thinking, the last shadow of liberty quits the horizon." ~Thomas Paine*

*"The media's the most powerful entity on earth. They have the power to make the innocent guilty and to make the guilty innocent, and that's power. Because they control the minds of the masses."*  
~Malcolm X

*"Propaganda is to a democracy what violence is to a dictatorship."* ~William Blum

*"Any dictator would admire the uniformity and obedience of the US media."*  
~Noam Chomsky

*"It's hard to imagine a more potent sign of a weak, declining empire than having one's national 'credibility' depend upon periodically bombing other countries."*  
~Glen Greenwald
