Whitey:

[107 min]

United States of America vs James J Bulger

S From Academy Award-nominated documentarian Joe Berlinger (*Brother's Keeper*, *The Paradise Lost* trilogy) comes the shocking true crime story of infamous gangster James "Whitey" Bulger, who terrorized the city of Boston without ever being charged with so much as a misdemeanor. Bulger was a monster, but did the FBI and local law enforcement give his reign of terror a free pass?

I With shocking, never-before-seen evidence, **WHITEY** shines new light on this still evolving, gripping case.

"This isn't really a typical trial. James Bulger knows that by following the strategy he has directed us to do, he will be found guilty. And he's going to die behind the walls of the prison. But for Jim it doesn't matter. He's at the end of his life...For him it's his last opportunity to tell people that he was never an informant. That our federal government is more corrupt in law enforcement than anyone ever imagined. Even to this day! In this trial, it's corrupt! And [Whitey] wants people to know it."
~ J. W. Carney, Bulger defense lawyer

"Whitey Bulger is smaller than what he seems. ... If the FBI had not made Whitey its favorite mobster, broken the rules and rigged the game to his benefit, Bulger would never have reached as high as he did." ~David Boeri, WBUR reporter..

"This not about getting acquitted. The most important thing for us was the truth. We wanted the community and the public to see what our department of justice was doing." ~Hank Brennan, Bulger defense lawyer

"It just may be one of the best true crime documentaries. Like *Morris* or *Herzog*, Berlinger has emerged as one of the great documentaries of the age." ~Jason Gorber, Twitch

"The film weaves together an ornate tapestry of corruption that is a comprehensive exploration of a very complicated case." ~Raffi Asdourian, The Film Stage
