### AMIA Repetita

[59 min]

Buenos Aires 1994: A terrorist attack at the AMIA Jewish community center: 85 dead (1 Jewish), 100s maimed. From day one—before a single piece of evidence was produced—the US and Israel blame Iran. Israel tried to sidetrack an Argentine investigation using powerful Wall Street assets and influential pro-Israel lobbies (e.g., the Anti-Defamation League and AIPAC). On January 27, 2013, Argentina announced it had signed a memorandum of understanding with Iran to establish a "truth commission" to investigate the AMIA bombing. **AMIA Repetita** is an expose of this case.

### Israel Did 9/11 (Israeli Mossad)

[30 min]

Dr. Alan Sabrosky, in an interview on Press TV, lays out the case of Israeli involvement in 9/11 and US military awareness.

*"I am also absolutely certain as a strategic analyst that 9/11 itself, from which all else flows, was a classic Mossad-orchestrated operation. But Mossad did not do it alone."* ~Dr. Alan Sabrosky

*"Tel-Aviv and Washington immediately blamed Iran and Hezbollah, despite the fact that the attack had the unmistakable fingerprints of a false-flag operation."* ~Belén Fernández

*"To my knowledge, there was never any real evidence [of Iran responsibility]. They never came up with anything."* ~ James Cheek, US Ambassador to Argentina at the time of the AMIA bombing

*"This [Israeli] evidence was finally rejected by the Court when it became so flagrantly obvious that it had been planted at the scene of the crime."* ~Adrian Salbuch, globalization expert

*"The aim of the 9/11 global coup was to demonize and thus dehumanize the predominant Muslim populations about to be targeted in Israeli-led, US-implemented wars of aggression in the Middle East and throughout Eurasia."* ~Anthony Hall
