S **I** **N** **C** **O** **N** **T** **R** **O** **V** **E** **R** **T** **I** **B** **L** **E** is the first and only feature length documentary we have that portrays the frank and candid views of Police Officers, Firefighters and Soldiers as they express their grave concerns about the official explanation for the events of 9/11. The film is intended to act as a practical aid in combating the mainstream media's propoganda and outright lies concerning the attacks on September 11th 2001.

O Tony Rooke's film, is intended to be viewed by Police Officers, Firefighters and all those serving in the Armed Forces as they are the among the best placed members of our society to have the ability to change things for the better.

S **I** **S** **I** **S** *"Absolutely first rate! The film manages to navigate the broad aspects of 9/11, with all the complexity, and even tie it with 7/7 and JFK, while avoiding the pitfalls of discredited speculative theories. I have no hesitation in sharing this with anyone."* David Chandler, retired physics teacher

"The individual is handicapped by coming face to face with a conspiracy so monstrous he cannot believe it exists."

~Ken O'Keefe, activist, former US Marine

"You poor innocent thing. You have no idea what you've gotten into. ... It's time you learned more. The guys who run things - I mean the guys who really run things in Washington - are very interested in psychology... Until very recently control of American consciousness was a simple matter for the guys in charge. The schools instilled docility. The radio and TV networks poured out conformity. ... You may not know that dissident organizations in academia are also controlled. The CIA creates the radical journals and student organizations and runs them with deep-cover agents." ~ Mary Pinchot Meyer, President Kennedy's lover

"Loyalty to petrified opinion never yet broke a chain or freed a human soul."

~Mark Twain
